

HD 12 WB Degreaser Concentrate

Heavy Duty, Fast Acting Bio-Degradable Degreaser

*Bio-Tech Degreaser was originally developed as a true alternative to the flammable Solvent Degreasers. Fast acting and capable of penetrating caked on grease and oil, **HD 12 WB Degreaser** is Biodegradable and unlike any other degreaser in that its organic and viscous nature allows it to "cling" longer to the surface to which it is applied. This gives greater adhesion, and greater cleaning power.*

Summary of Benefits

- Biodegradable and Organic
- Non Flammable - non regulated for transportation and storage
- Non combustible
- Fast Acting – penetrates and cleans quickly
- Viscous – "clings" to the surface longer
- Dilutable – dilute with water if required

Directions For Use:

*Use in place of solvent degreasers, apply by brush or spray (air, trigger), and allow to penetrate for between 3 and 10 minutes depending on the situation. For very dirty situations it is often helpful to work in with a brush. Wash away with water Bio-Tech Degreaser is ideal for use through pressure cleaners. **HD 12 WB Degreaser** may be diluted for a multitude of other uses, from minor degreasing (2:1) to general surface cleaning (20:1).*

Product Code: C0800

Product Size: 20L, 205L

Health, Safety and Environment

A Material Safety Data Sheet (MSDS) is available for each product. Users should consult the MSDS, and follow the precautions outlined and comply with all laws and regulations concerning its use and disposal. Used packaging material should not be incinerated or exposed to flame. After use, protect your environment. Do not pollute drains, soil or water with used product.

*The Materials Safety Data Sheet is available at Royal Precision Lubricants by email:
