## **Injector Cleaner**

## **Product Data Sheet**

*Petrol Injector and Fuel System Cleaner*

*Injector Cleaner has been developed for use in all passenger vehicles using a unique chemistry to clean blocked or partially blocked injectors in modern petrol engine vehicles.*

*Injector Cleaner has a powerful cleaning additive developed to clean while you drive. Safe on all engine and fuel components including injectors, fuel lines and tanks.*

*As a result, Royal Precision Lubricants has developed a new route to improved deposit control leading to better engine power and efficiency. The result is a revolutionary new deposit control additive that delivers outstanding performance in all engine classes*

*Injector Cleaner's proprietary additive is approximately three times more effective in keeping clean and cleaning-up fuel injectors than current technology additives.*

*Injector Cleaner removes gum, varnish, dirt and other fuel deposits effectively from injectors and helps restore optimal power and performance, leading to better fuel economy and an optimal driving experience*

*When regularly used every 3<sup>rd</sup> tank or on a monthly interval **Injector Cleaner** will maintain an engines fuel delivery & emissions systems at their best possible performance level.*

### **Summary of Benefits:**

- *Powerful cleaner of injectors, lines and tanks*
- *Suitable for one off or every tank treatment application*
- *Up to 3 times more effective over older additive technologies*
- *Helps restore power and engine performance*
- *If used regularly maintains your system cleanliness*
- *Compatible with Unleaded, E10, 95 and 98 octane blends*
- *Also suitable for use in carburettor's and older vehicles*
- *250 ml treats 60 Litres of Petrol*

**Code: 6121-250**

**Product Size: 250ml**

## Product Data Sheet

### **Typical Characteristics:**

<b>Appearance:</b>	Clear to brown
<b>Liquid Odour:</b>	Hydrocarbon odour
<b>Substance DG Class:</b>	Class 3 (Flammable)

*\*Typical characteristics are only a guide to industry and are not necessarily manufacturing or marketing specifications and do not constitute a legal liability.*

### **Storage:**

*All packages should be stored under cover to avoid the possible ingress of water and the obliteration of drum markings. Products should not be stored above 40°C.*

### **Health, Safety and Environment:**

*A Safety Data Sheet (SDS) is available for each product. Users should consult the SDS, and follow the precautions outlined and comply with all laws and regulations concerning its use and disposal. Used packaging material should not be incinerated or exposed to flame. After use, protect your environment. Do not pollute drains, soil or water with used product.*

*The Safety Data Sheet is available at Royal Precision Lubricants website [www.royallubricants.com.au](http://www.royallubricants.com.au) or by email [info@royallubricants.com.au](mailto:info@royallubricants.com.au)*
