

## **Diesel Treatment**

### **Advanced Diesel Fuel Additive**

**Diesel Treatment** is an advance formula diesel additive developed to provide additional cleanliness to all diesel engines and fuel systems

Diesel Treatment contains powerful cleaning agents that work on removing soot and carbon build up on vital engine components and fuel system components such as injectors. Additionally Diesel Treatments advance formula also works to kill fungal growth in the diesel fuel tank and system. Diesel Treatment helps eliminate water by allowing it to be picked up and burnt off with the Diesel Treatment.

#### **Summary of Benefits**

- *Safe to add to your system every couple of tanks to maintain cleanliness*
- *Effectively deep cleans the entire fuel system including injectors and fuel lines and tank*
- *Assists in the removal of water from the tank and system*
- *Effectively kills fungal growth via it strong fungicidal properties*
- *Safe to use all year round on all diesel fuel types*
- *Powerful injector deposit control in biodiesel blends*
- *Helps improve fuel economy and power through injector cleanliness*

#### **Diesel Treatment mixing ratios:**

**250ML**

**Complete Fill**

**Treats 120 Litres of Diesel**

## **Diesel Treatment**

### **Advanced Diesel Fuel Additive**

#### **Information on basic physical and chemical properties appearance**

Physical state:	liquid
Form:	liquid
Color:	Dark
Odor:	Pungent
Flammable	Yes (Class 3)

*Typical characteristics are only a guide to industry and are not necessarily manufacturing or marketing specifications and do not constitute a legal liability.*

#### **Storage:**

*All packages should be stored under cover to avoid the possible ingress of water and the obliteration of drum markings. Products should not be stored above 45°C.*

#### **Health, Safety and Environment**

*A Material Safety Data Sheet (MSDS) is available for each product. Users should consult the MSDS, and follow the precautions outlined and comply with all laws and regulations concerning its use and disposal. Used packaging material should not be incinerated or exposed to flame. After use, protect your environment. Do not pollute drains, soil or water with used product.*

*The Materials Safety Data Sheet is available at Royal Precision Lubricants by email:  
[info@royallubricants.com.au](mailto:info@royallubricants.com.au).*

**Product Code:** 6120

**Product Size:** 250ml
