

## **Injector Cleaner**

### *Deep Cleansing Formula*

**Injector Cleaner** is an advance formula petrol and injector cleaner developed to all petrol fuel systems and components including injector, carburettors, fuel tanks and lines.

**Injector Cleaner** contains powerful cleaning agents that work on removing gum, soot and carbon build up on vital engine fuel systems and components such as injectors. With the advent of modern Bio Fuels running a fuel injector cleaner every third or fourth tank helps keep the system clean and optimises fuel economy and delivers a better driving feel and response.

#### **Summary of Benefits:**

- *Safe to add to your system every couple of tanks to maintain cleanliness*
- *Effectively deep cleans the entire fuel system including injectors and fuel lines and tank*
- *Assists in the removal of water from the tank and system*
- *Safe to use all year round on all petrol fuel types*
- *Powerful injector deposit control in bio-fuel blends*
- *Helps improve fuel economy and power through injector cleanliness*

#### **Treatment mixing ratios:**

**250ML**

**Complete Fill**

**Treats 60 Litres of Petrol**
